i2020WR
i3™ Series – Wi-Fi Thermostat

APPLICATIONS: *APPLIANCE | ELECTRICAL | HVAC/R | MARINE | POOL & SPA | RV*

FEATURES

√ 7-day programmable

√ Hardwired

√ 2 Heat/2 Cool

√ Large Display – The touch icons are positioned away from the display for a larger viewing area; keeps display clean of fingerprints

√ Button/switch free front – No mechanical buttons or switches to break or wear

√ Dynamic Interface – Highly intuitive – patent-pending! Icons illuminate ONLY when they are needed

√ Positioning – Thin profile ideal for either "internal" or "wall mount" applications

√ Mounting Base – Designed with sub base to make installation a "snap"

√ Removable logo plate – Great for customers to promote their business

√ Wi-Fi compatible with user friendly connectivity

√ Thermal safety – Excessive heating bi-metal safety switch

√ User coded lockout – Designed with renters and children in mind
